

15 April 2020

Grand Lodge of Italy of Free and Accepted Masons

Dear Antonio Paoletti

Your support of our NHS heroes through your generous £1,100 donation to the Covid-19 Fund is greatly appreciated. Please extend our thanks to the membership of the Lodge.

Thank you so much for thinking of the NHS staff during this challenging time. They are true heroes facing incredible challenges which are only going to get harder over the following weeks. Every donation will help those looking after our loved ones.

With your support we are able to provide resilience through respite areas for those on shifts with free food and snacks and access to skype. Many will not be able to go home when they finish work as they have vulnerable family members. Keeping in touch and being able to see them is so important along with providing psychological care and a safe space to rest.

Thank you for caring for the NHS staff.

Kind regards

Diane Ryan
Head of Community Fundraising
